

Technical Data Sheet

| other harmful and unwanted substances stuck to the hands Molecular weight 385 Specifications Anionic & nonionic active (%) 16±0.5 pH (5% solution) 5.6-6.5 Density (g/cm³) 1.0±0.1 Apearence Shelly viscous liquid Viscosity(C.P) at 25°C 23000-25000 Dry Residue 35-36 Packaging Info | Name | CONCENTRATED HAND WASHING LIQUID |
|--|-------------------------------|---|
| Hand washing, also known as hand hygiene, is the act of cleaning one's hands with soap and clean water to remove other harmful and unwanted substances stuck to the hands Molecular weight 385 Specifications Anionic & nonionic active (%) 16±0.5 pH (5% solution) 5.6-6.5 Density (g/cm³) 1.0±0.1 Apearence Shelly viscous liquid Viscosity(C.P) at 25°C 23000-25000 Dry Residue 35-36 Packaging Info | Brand | PSG-pro |
| Specifications Anionic & nonionic active (%) pH (5% solution) 5.6-6.5 Density (g/cm³) Apearence Shelly viscous liquid Viscosity(C.P) at 25°C 23000-25000 Dry Residue 35-36 Packaging Info | Overview | |
| Anionic & nonionic active (%) pH (5% solution) 5.6-6.5 Density (g/cm³) 1.0±0.1 Apearence Shelly viscous liquid Viscosity(C.P) at 25°C 23000-25000 Dry Residue 35-36 Packaging Info | Molecular weight | 385 |
| pH (5% solution) 5.6-6.5 Density (g/cm³) Apearence Shelly viscous liquid Viscosity(C.P) at 25°C 23000-25000 Dry Residue 35-36 | Specifications | |
| Density (g/cm³) Apearence Shelly viscous liquid Viscosity(C.P) at 25°C 23000-25000 Dry Residue 35-36 Packaging Info | Anionic & nonionic active (%) | 16±0.5 |
| Apearence Shelly viscous liquid Viscosity(C.P) at 25°C 23000-25000 Dry Residue 35-36 Packaging Info | pH (5% solution) | 5.6-6.5 |
| Viscosity(C.P) at 25°C 23000-25000 Dry Residue 35-36 Packaging Info | Density (g/cm ³) | 1.0±0.1 |
| Dry Residue 35-36 Packaging Info | Apearence | Shelly viscous liquid |
| Packaging Info | Viscosity(C.P) at 25°C | 23000-25000 |
| | Dry Residue | 35-36 |
| Packaging 220 Kgs/HDPE drum | Packaging Info | |
| | Packaging | 220 Kgs/HDPE drum |
| Storage It is recommended that be stored in sealed containers and kept if 35°C away from sun rays. | Storage | It is recommended that be stored in sealed containers and kept in 20°C - 35°C away from sun rays. |
| Shelf Life 1 year | Shelf Life | 1 year |
